

🎉 Welcome everyone to the 5th Fun Friday session! 🎉

We're all set for a fun-filled session with some exciting individual games today – so let's get started!

Our first game is the Alphabet Game!

Here's how it works:

We'll select one player and give them a specific alphabet.

The rest of the team can ask any questions.

But the twist is – the player can only respond using words that start with the given alphabet.

Each player gets 1 minute, and the rest of you should try your best to make them slip within that time!

We'll give you a quick demo before we begin.

Alright, let's start the game!

First up, we have Geethu!

Geethu, your letter is M – and remember, you can only answer using words that start with “M”.

And your time starts now! ⌚

And that concludes our first game. Great effort, everyone!

Moving on to our next game – a crowd favorite – Ashwamedham!

For those who haven't played it before, here's a quick guide:

This is also an individual game.

We'll randomly pick a player, and they must think of a famous personality.

The rest of you can ask yes or no questions to figure out who the person is.

You need to guess the correct name within the time limit.

Let's begin!

First, we have Abel.

Abel, think of a famous personality.

Everyone else – start asking your questions!

Your time starts now!

✅ And Abel gets the point!

Next up – Meena!

Meena, please think of someone well-known.

Your time starts now!

 And they guessed it right!

Who got it? Vaishnavi!

Vaishnavi, you get 1 point!

Great job, everyone!
